

“The Warmth of Enlightenment” – A Tribute to Helen Keller and Teacher, Anne Sullivan

Sculpted by Craigger Browne

Location: Helen Keller Birth Place in Ivy Green (Tuscumbia, Alabama)

We wish to extend a very special thank you and show our appreciation to each and every person and Lions club that has made a contribution to this statue project. This MD-34 Centennial Legacy Project would not have been possible without your generous support and a special thank you to PDG Johnny Tuten for his commitment and dedication to the project. We had a great turnout for honoring a legacy, as many as 10 states were represented. If you were unable to attend the ceremony on September 9th, I strongly encourage you to visit. I promise you will be glad you made the trip. It brings great joy that the Lions of Alabama have captured, through Craigger’s extraordinary sculpting abilities, the miraculous moment in time that not only changed Helen’s life but also that of the world and we’re able to preserve and share that moment for generations to come.
