

Information Technology

Vision

Information Technology committee will support the full use of technology for conducting club, district, and multi district business, maintaining calendars, contacts, newsletters, announcements, meeting agendas, training and recruitment opportunities, photos, and other information deemed to support the success of the Lions of Alabama.

Plan Description

1. This committee will assist clubs, zones, districts, the multi district, and committees in understanding and incorporating the use of technology to include: use of computers, use of the internet applications, use of email and email marketing services, use of domain names, developing/maintaining web sites, use of Facebook and other social media services, use of payment systems such as PayPal and Square, use of MyLion, use of MyLCI.
2. Assist in the development and maintaining of the Multiple District web page and the content of information for distribution to those viewing the web site.
3. Conduct workshops on Information Technology applications.
